### Science Club

Learning to cook the Chemistry way.

The Science Club has been very active this year. It opened the year by taking a trip to Turkey Run, Indiana. The club has also visited the Davis Gardens, the Commercial Solvents Plant, and the Western Paper Manufacturing Company in Terre Haute, Indiana.

The club has participated in T.A.C. (Teens Against Cancer) as a new activity this year. Each member is required to prepare a project to take to the Science Fair in the Spring.

The year will be climaxed by a trip to the St. Louis Zoo with the final meeting at Allerton Park.

"We're off to Spain!" And so it went. From a casual question, "How'd you like to go to Spain this summer?" came the result: six students spent six of the greatest weeks of their lives at the University of Madrid. None of this could have happened without the support of the hurriedly-formed "Club de Español" to raise money and support projects. And projects we had—from "Help Days" to selling apples to putting local men thru the rigors of challenging an aggressive girls basketball team. The memories from both fund raising and trip will be with us always. And we six say to you who helped: "Muchiśimas gracias."

Enjoyment from mixing-

Throughout the school year, the G.A.A. participates in many sport activities. Tournaments are held in softball, volleyball, basketball, and badminton doubles.

The club also enters in a State-wide Postal Basket Shooting Contest. During the fall, the group has a skating party, and in the spring it goes bowling several times.

Just before the end of school, the club has an Award Program to which the mothers are invited. Awards are given for points earned during the year and for basket shooting, bowling and badminton. There is a special award for sportsmanship. Also at this time, the new officers are installed.
